

::: Global Marshall Plan Drive Team News  
letter 2 / 2006 :::

::: Second edition :::

This is the second newsletter on the topic Global Marshall Plan in AIESEC. All Members of the Global Marshall Plan Initiative Community at (AIESEC.net:

<http://www.aiesec.net/members/clubs/globalmarshallplaninitiative/>) obtained this Newsletter the first time. All AIESEC Germany members will get this newsletter only this time. Because of the second planning days of EBs that start now we will show some opportunities of issue based projects and give you an overview on planned actions you can join. With this newsletter we want to inform and strengthen the Network. The Drive Team is grateful for feedback. Are there topics you miss in the newsletter/homepage, do you have suggestions on new content for the next newsletter/homepage? Let us know. Regards Oliver, Gerrit, Juliane, Tobias, Marcella

::: The relevance of AIESEC and the year 2007 :::

Students engaged in AIESEC are in a very privileged situation. All of them belong to the 15% richest persons on globe. From this privileges accrues also a special responsibility. We should use our power not because we have it but because we know that things go wrong. In 2007 there is a opportunity to take responsibility and to stand-up against poverty. There will be several actions concerning G8 Summit in Germany and the German presidency of the EU council. We can make a difference and use our network to organise projects and events to show our relevance. We want you to become part of this process. Have a look at the planned events of AIESEC Germany and tell us what you want to do and what help you need.

=====

::: Our Platforms :::

There are several platforms we arranged for exchange of ideas concerning Global Marshall Plan. There is the(Homepage:

<http://www.aiesec-karlsruhe.de/gmp>) The Homepage is our official platform to inform all our stakeholders (AIESEC.net community: <http://www.aiesec.net/members/clubs/globalmarshallplaninitiative/>) Here we provide materials, outlines and proposals for projects concerning Global Marshall Plan and other issue based projects (Newsletter: <http://www.aiesec-karlsruhe.de/newsletter.gmp>) With the Newsletter we give you current information about our work, planned projects in the network and updates (Global Marshall Plan Initiative Homepage: [http://www.globalmarshallplan.org/do/2h/topic\\_specific/students/index\\_eng.html](http://www.globalmarshallplan.org/do/2h/topic_specific/students/index_eng.html))

) There you find all the information about implementing, financing and Achievement of a Global Marshall Plan

::: Planned projects in Germany 2007 :::

For the year 2007 we organise the national campaign "A Sustainable World is possible" in order to bring the student view on sustainability to the G8 summit. "A sustainable world is possible!" has the following schedule: 17th to 19th of November 2006

- Kick off in Lueneburg and Muenster - general introduction/overview 20th to 24th November 2006 - "A sustainable world is possible"- canteen week at the University of Giessen May 2007 (open tender for AIESEC Local Committees) HIV/AIDS - symposium Finance - symposium Energy - symposium You can organise this symposiums ==> Apply now!!! Final Event in May - Agora 2007 in Tuebingen. 06 - 08th of June 2007 - G8-Summit Our aim is it to bring the students perspectives on sustainability and globalisation into the G8-summit. Therefore each event is hosting a workshop (in Lueneburg with Ralf Klemens Stappen) that addresses the key topics of sustainability from the student's perspective. The results of the first workshop will be documented. The statements and results will be developed further during the following events and workshops in order to be handed over to German chancellor Angela Merkel closely before the G8-summit. With our campaign "A sustainable world is possible!" we resume the AIESEC Austrian activities during the presidency of the EU by enhancing the ideas of the scholar-resolution (youth@visions.06: <mailto:youth@visions.06>) at university level.

\*\*\*\*\*

The 3 events in May 2007 We are looking for 3 LCs who want to organise a event around the topics HIV/AIDS, Finance, Energy. It is really easy, as you already have a patron (Dr. Angelika Zahrnt, BUND) and a Media Cooperation when you decide to take part in the campaign. You just need to organise a discussion round or 2 lectures. And even here we can help. So grab the chance and take part!!! Just write an Email with your ideas to ([globalmarshallpan@aiesec.de](mailto:globalmarshallpan@aiesec.de): <mailto:globalmarshallpan@aiesec.de>) till the 17.10.

::: International supporting LCs :::

If your LC decides to become a Global Marshall Plan Supporting LC it will be well informed about all the current issues and events of the Global Marshall Plan Initiative. In this spirit you are regularly supplied with the latest flyers, brochures and books of the Global Marshall Plan Initiative, which should be placed in your office. Through the constant contact with the AIESEC Global Marshall Plan Drive Team you are supported with the organisation of events of any kind. Here we can advertise your events in the Global Marshall Plan networks or help you e.g. to acquire speakers of the Global Marshall Plan Initiative like Prof. Dr. Josef Radermacher or Frithjof Finkbeiner and several more. In general the Drive Team is simply there if there are any questions. At them moment there are 16 supporting LCs in Germany and we want your LC to join. (How to become a supporting LC?: <http://www.aiesec-karlsruhe.de/cms/content/view/228/114/>)
