

Become a Donor of the Global Marshall Plan Initiative!

By becoming a donor you are helping us to cover expenses, which accumulate while coordinating and creating awareness for the initiative.

Contributions

Annual donor Rates have 5 levels, which are based on annual turnover (revenue, budget, members or employees) of your organisation as follows:

Annual turnover, revenue, budget (in million €), members or employees	Global Marshall Plan annual Registration fee (in €)
> 1,000	10,000
100 – 1,000	5,000
10 – 99	500
2 – 9	200
< 1	50

It is possible to increase your donor fee if you wish to contribute more. Simply fill out the desired additional amount in the appropriate field of the donor application form. Persons and Organisations from developing countries have the possibility of paying a reduced donor fee.

After receipt of your registration and payment for this year the Global Marshall Plan Foundation will begin debiting the yearly fee from your account every January. You will receive a yearly confirmation of your donation for the entire sum to present to your local tax authorities (only possible in Germany).
